## - YOUNG ARBITRATORS SWEDEN -

---

Young Arbitrators Sweden (YAS) is pleased to invite you to celebrate the YAS 10 year Jubilee 2013 on 28 August 2013.

The Jubilee will include a half day seminar and dinner, and is held in connection with the two-day conference on 29-30 August arranged by the International Commercial Arbitration Law (ICAL) LL.M. program in Stockholm.

YAS aims to increase knowledge and interest amongst young practitioners under the age of 45 in the field of international arbitration. We aim for our members to be among the best and most in demand arbitration specialists in Swedish and international arbitrations. We also promote Sweden as a seat for international arbitration. YAS is supported by and work closely with the Arbitration Institute of the Stockholm Chamber of Commerce and other arbitration associations. Our activities include seminars, training programs for young lawyers and promoting publications on international arbitration and dispute resolution.

The Jubilee Conference deals with various topics within the field of international arbitration. The list of speakers and panelists includes both Swedish and non-Swedish practitioners. The conference is concluded with cocktails and dinner. For more information and registration, see the program.

This event will give younger practitioners the opportunity to meet each other and explore key aspects of advocacy in international arbitration.

**Welcome!**
